

COME YW-YM TEMPLE- NARRATION

Each time I saw the temple doors, I thought, what's on the other side? I felt the spirit when I was close, but I couldn't wait till I was inside. In there, they're all in white. It reminds them to be pure. And there, they help their ancestors be together forevermore.

Now that I'm old enough to go, my bishop, he will meet with me to help me know the blessings there and make sure I will worthy be. He'll give to me a recommend so I can enter in the holy temple of the Lord, there to be with God again. And I've prepared myself to go, for that is where I want to be. To show the Lord that I love Him and to feel His love for me.

The words, Holiness to the Lord and the house of the Lord are near the entrance of every temple. There you will draw closer to God. There you will come to know Jesus Christ because you are doing what He does. Like Him, you are making it possible for Heavenly Father's children to become holy and pure and happy as you are baptized and receive the Holy Ghost for those who cannot do it for themselves.

You are helping them, just like Jesus does. You are taking upon you His name, like you have promised to do. And you will feel His love, His peace, His power, His strength.

The temple will help you to know and remember that you are a child of God. The temple is the way to Jesus Christ. The way to become as He is.
